The Student Government Association provides many opportunities for you to broaden your perspective as a student leader, and enhance your college career through a high degree of involvement on campus. Students also need a voice in the affairs of the college. This voice is provided in the S.G.A., the members of which sit on faculty and administration committees and provide student input into the running of our school. Through the S.G.A. leadership skills may be increased, especially through the Student Senate. Students from every department and major serve on the senate, as well as representatives from the freshmen and sophomore class. These Senators recognize problems on campus and student's needs, and effective ways to treat these problems and meet these needs.

The National Panhellenic Council (NPC) is composed of members from each of the women's fraternities. The Council was formed to help create interfraternal relationships, to assist collegiate chapters, and to cooperate with colleges and universities in maintaining the highest scholastic and social standards. Members of NPC at Armstrong State College are Alpha Gamma Delta, Phi Mu and Sigma Kappa.

(Back row) - Vickie Henson, Carol Brewton, Althea Watson, Geralyn Kass, Martha Boutin, Judy Richburg, Tina Finley. Not Pictured: Cindy Borrett, Page Falligant, Lisa Kennedy, Pam Parker.

Alpha Gamma Delta was founded on May 30, 1940 at Syracuse University in New York, and has grown and prospered over the past 78 years. Alpha Gam now has over 130 chapters in the U.S. and Canada. They provide community service for many through work for the Juvenile Diabetes foundation and many others.

Since Gamma Rho Chapter of Alpha Gamma Delta was chartered in May of 1970, her sisters have been very active in campus life. Many Alpha Gams participate in Student Government, school publications, professional organizations, and other clubs on campus.

The members of Alpha Gamma Delta are always pursuing high ideals in scholarships and in altruistic service, but *sisterhood* binds the members together behind these common goals. Sisterhood to Alpha Gamma Delta means . . . secret pals, terrific pledges, candlelighting, banquets, food, more food, Go team, great Women! and much, much more.

Alpha Gamma Delta is busy building a tradition based on the visions of her founders and on the ideas of womanhood. Alpha Gamma Delta — the reflections of many ideas, and the hope of continuing to protect the great goals of a great fraternity.

## Editor's Message

Love-Hate.

I've thought about writing this message for many days now. Hundreds of words have run through my head. Picking out the right ones often seemed unrealistic. Yet, there were two which always applied. Love and hate.

This book began as a love task. I had so many ideas I planned to incorporate in this book to make it better than ever. Most of all, however, it was something I was doing for myself. I was going to take on a big project, complete it, and do it well. I was doing something I had never done before, but always wanted to.

Everything was progressing quite well at the beginning. Then, as it is with many editors I'm sure, things gradually got worse. Near the end it seemed an almost impossible task; staff down to three people, late deadlines, insufficient pictures, and the list goes on. I became tired, irritable, and frustrated. Being an editor wasn't easy, but I was bound and determined, and, now, I'm glad I did it.

I do want to thank the only two people who fulfilled their obligations to me and this book: Larry Prescott - Student Life section editor, and Terri Liles - Features section editor, plus. (And by the way, Terri has done an exceptional job on her pages, I'm sure you will all be able to pick them out.) I wish to extend an especially big thanks to: first, Terri Liles, for her exceptional layouts and those nights she worked till 3 A.M. on the book with me, second, to Al Harris, for working so closely with the project during the last few weeks and for making the faculty section a more complete and better section, third, to Geralyn Kass for her work on the Ads section, and, last but not least, to Butch Longaberger, for being the one person who always encouraged me and kept me going, and even helped do layouts when no one else did. Many people offered their time to this project but only the ones mentioned above honored their commitments.

The book is now done and as I end this message I just want to say how happy I am that it is finished and that I hope you will all be happy with what was done.

Sincerely,

*Michelle Borrett*
